BOSCH EXECUTIVES' SALARIES REVEALED BY REPORT OF SEC

President Murray Earned \$29,307—Publication Despite Company's Protest Held in Public Interest

Ignoring a request from the United American Bosch corporation of this city that the information be kept confidential, the Securities and Exchange commission at Washington yesterday made public the salaries and compensation paid to executives of the corporation. The information was filed with the SEC in connection with the corporation's application for registration.

Arthur T. Murray of this city, president, received compensation totaling \$29,307.45 from the company during the past fiscal year, the commission revealed. Other remuneration paid by the corporation was listed as follows: Leon W. Rosenthal of New York, director and treasurer, \$16,800; Julius E. Wild of Longmeadow, director and vice-president, \$16,257.20; Gustave J. Lang of Longmeadow, director and vice-president, \$15,637.25; M. C. Hastings tax attorney, \$25,237.20.

Gross profit of \$1,236,350.99 and a net income of \$68,250.57 for the year ended December 31, 1934, are shown in the profit and loss statement of the United American Bosch corporation, the Chicago Realty company and the Essex Radio corporation, for the same period, showed a net income of \$50,100.31.

The statement revealed that the general equipment corporation of Wilmington, Del., owns 197,000 shares, or 70.8 per cent of the common stock of the United American Bosch corporation. Other large stockholders are: Louis Bech, 1757 shares; Hermann Walker 681; Julius E. Wild, 657; Leon Rosenthal, 200; and Emil J. Wagener, secretary and controller of the company, 100 shares.

During December, 1933, the United American Bosch corporation took over the Koppac company of New Brunswick, N. J., manufacturers of gas water heating appliances, and moved this business to Springfield in January, 1934. The corporation controls the Chicopee Realty corporation, which owns an 11 story building at 17 West 60th street New York, and the Essex Radio corporation of Springfield, through the ownership of their entire capital stock.

The SEC announced that disclosure of the information was in the public interest. Alderman Kirby S. Baker, a charter member of the fraternalist, will sponsor its annual induction of candidates tomorrow evening at Hotel Kimball. John J. Finn is general chairman of the membership committee, serving with Gen. Hon. Morris Chaffin, James Walls and Harold Roberts.

Entertainment will follow the initiation. The banquet will be served at 6. Transportation Board Hits State Tax Power O. K.'s Letter to Legislators Goes Over Budget, as Does Planning Board

The city planning and transportation boards devoted their meetings yesterday to approval of the budget estimates of their departments for the coming year. Both show no marked changes from the expenses of the current year.

The transportation board also approved copies of letters sent to all local legislators protesting against enactment of legislation to increase the power of the state department of public utilities over local taxicab licensing. The letters reported almost unanimous opposition on the part of city council members and taxicab companies here to the initiative petition now being distributed which would remove the power of licensing cabs from cities to the D. P. U.

The communication mentions the feeling here that there is a tendency toward too much centralization of power at Boston and cites the loss that cities will face in fees, if the requested change goes through.

POLICE OFFICERS SHIFTED FOR TIME

Temporary Reassignments of Captains and Lieutenants Made Until Capt McCarthy Recovers

Reassignments of uniformed captains and lieutenants at police headquarters starting today were announced today by Chief of Police John L. Maloney, who acted as a result of the retirement Tuesday night of Capt Charles A. Wade and the absence of Capt of Detectives Daniel P. McCarthy, who is in Mercy hospital recovering from a fractured leg and fractured arm sustained in a recent automobile accident.

Starting this morning Captain Matthew J. Meade, who for the past two years has been in charge of the uniformed staff at police headquarters from midnight to 8 a. m., will be detailed to the detective bureau as acting captain of detectives pending the return to duty of Capt McCarthy. While Capt George W. Siskell, who has been in charge of the uniformed squad on the 4 p. m. to midnight shift, will go on duty today from 8 a. m. to 4 p. m., the night watch formerly handled by Capt Wade.

Chief Maloney also announced that Lieut. Arthur H. Parker will assume Capt Bicknell's berth on the 4 o'clock watch, with Lieut. Harry Foley becoming acting captain of the "dog watch" to fill the vacancy caused by the transfer of Capt Meade. The chief indicated that the transfers were of a temporary nature and that the return to duty of Capt McCarthy.

He stated that no steps have yet been taken by the police commission to request the old service commission for an examination to fill the vacancy caused by Capt Wade's retirement, but that matter is expected to be handled in the near future. Capt Meade of Long Experience Lieutenants Foley and Parker have been pinching their way as acting captains for Capt Wade during the past several months. The captain has been on sick leave. They have been alternating each month. Lieut. Foley will report for duty on the "dog watch" at midnight tonight, while Lieut. Parker will report tomorrow afternoon. Capt Bicknell will go on duty in the morning as will Capt Meade.

Chief Maloney stated that it was necessary to make a change in the acting captaincy in the detective bureau because of the fact that Lieut. William F. Lougan, who has been acting captain since Capt McCarthy met with his injuries, will be occupied in superior court the balance of this month, as he is regularly assigned to that court in the police department in superior court, working in cooperation with Dist Atty Thomas P. McNulty.

Man Asks Leave to Sit Farther From Wife In Court, Lest She Hit Him

Because of the deafness of the two parties to a divorce libel in probate court yesterday, the court permitted them to sit near each other while under examination of counsel. Asked for his reason, the man said he feared his wife was about to strike him. After recessing court for five minutes the judge instructed the attorneys for the parties to stand between them while conducting examination.

DESCRIBES MISSIONARY WORK DONE IN TURKEY

Clara Richmond, Missionary 20 Years, Speaks at the Grace Church

Miss Clara Richmond, for 20 years a missionary in Turkey, spoke at Grace Baptist church last night on the Christian missionary work in that country. She told of the way in which Western civilization seemed to burst on Turkey practically overnight and of the great desire of the people there for education. This desire for education, she said, is mostly for the intellectual type, as religious training is banned in the schools.

Christian missionaries in Turkey are obliged to do their work outside of schools, Miss Richmond declared. She pointed to the contrast between the missionary work in other fields, she said, in Turkey. In other fields, she said, there are constantly stories of whole villages turning to Christianity. In Turkey there are only a few scattered converts, but these are staunch in their faith and are fearless. She told something of the persecutions these converts undergo. In closing her talk, Miss Richmond showed several hand-colored pictures and displayed Turkish literature and pictures.
