We married the design to the wood!

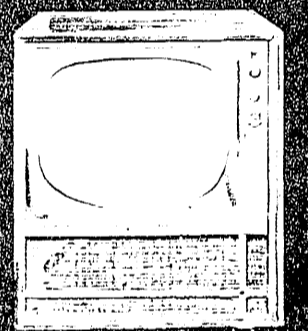

And the proud, costly look was born!

DuMont wed-to-the wood styling is a new concept in television design. Each curve, each corner, each leg of DuMont's great new Collector Series was designed to match the feeling and character of a specific wood — and that wood only.

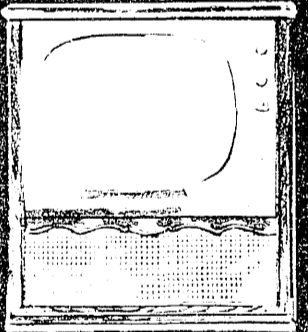

Come to the wedding! See French Provincial wed to genuine fruitwood. See entirely different designs for walnut, mahogany, limed oak and maple. All real woods... all authentic furniture... all powerful, trouble-free performers.

DUMONT

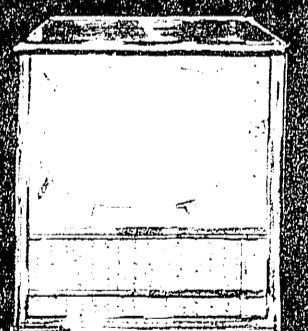

Collector Series starts at \$259.95. DuMont's all wood portable as low as \$149.95.
