

Wacky invites you Downtown: Come be inspired

By **DICK OSGOOD**

Randy Thomas Garry Bjorklund. Take your pick.

One of them figures to be the winner of today's first WACKY 102 five mile road race through downtown.

They're the class of the field. And what a field. Nine hundred and twenty two officially. That figure will make it the largest sporting event — competitor wise — ever held in Springfield.

And for this reason, race promoter Don Wilks of radio station WAQY is thrilled.

"It's going to be a great day," he said. Wilks, who along with his partner, Mike Schwartz, will be among the also rans.

But being an also ran today, won't mean you've lost the race. Of the 922, many will be taking part in their first road race. They don't expect to win. They just want to finish.

Wilks extends an invitation to everyone to "join us."

"Just because you're not running doesn't mean you can't watch," he says. "Maybe you'll get the inspiration watching the others

to start running yourself," he adds. "And then next year, instead of 1000, we'll have 2000 runners."

For the convenience of spectators, *The Republican* has published the complete list of entries, with starting numbers the runners will be wearing on their shirts, and a map of the route.

"We welcome people to watch from any vantage point they choose," says Wilks. "They can come to Court Square (starting and finishing point) or stand on Main or Chestnut St. or wherever they wish."

"It's simply a matter of getting everybody involved in a venture that is good for people and good for downtown Springfield," Wilks said.

The race will start at 2 p.m. and the promoters urge runners to arrive by 1.

Tables will be set up on the City Hall esplanade where the runners can pick up their official numbers. Everyone entered will receive a free WACKY T-shirt. "We hope they all wear them," says Wilks.

Wilks made special note of the fact that daylight saving time began this morning. "I just would have to have someone show up at

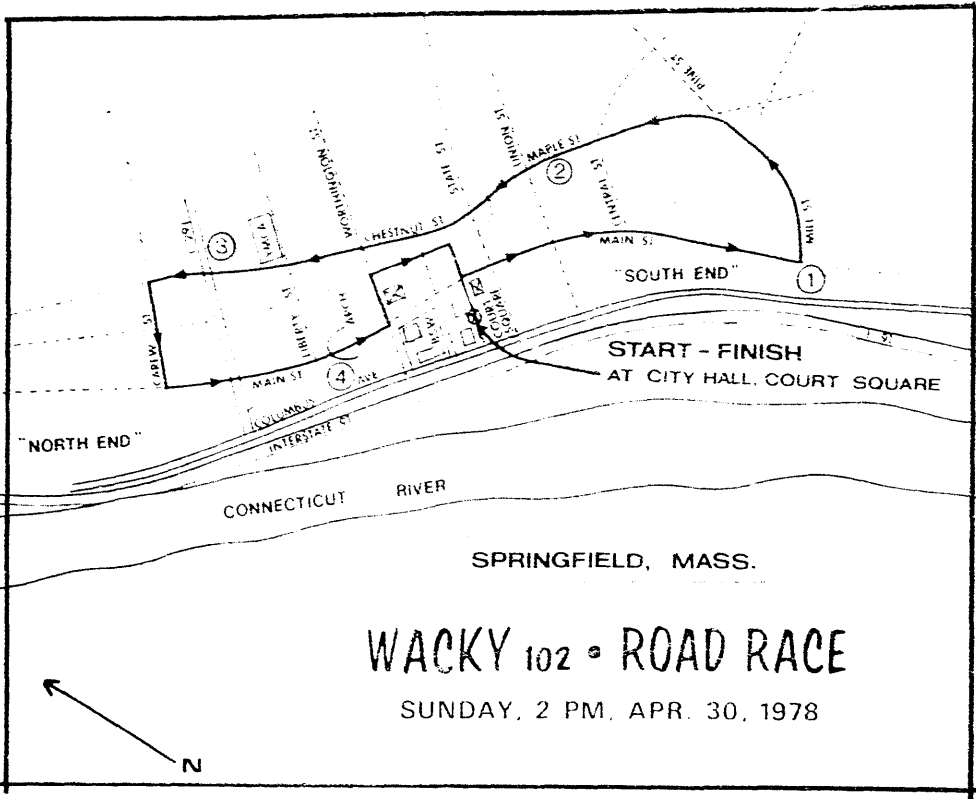

2 only to find they're an hour late," he said. Although it's the first race Wilks and the WACKY people have promoted, they've covered all bases. "At least we think we have," Wilks says.

Bentley College track coach John Kane, always a valuable asset behind a smooth race, has offered his assistance. "We're thankful not only to John," said Wilks "but to St. Pat's race chairman Mike Tierney as well. They've gone over every detail with us and we're certain everything will work out OK."

Walter Childs, of course, will be representing the AAU. He has been overseeing road races in the area for close to 40 years.

While Bjorklund, a member of the 1976 Olympic team, and Thomas, fifth in this year's Boston Marathon, get the nod of the experts, two local runners who can't be overlooked are Tom Derderian of Amherst and Springfield College professor Jack Mahurin.

Carlo Marchetti of the Springfield Central Business District, who has been very helpful in coordinating the race on behalf of the city, will be the official starter.
