Friday night, at least, Northampton was neavily outweighted and outmanned. Nothing unusual about that because Hamp was last year, and will be this year, one of the smallest Class A schools in the section. But the Blue and Gold made up for that by displaying an abundance of speed, pienty of drive for a smate-sized line and a fair amount of defensive ability which held Drury to one tourbdown while the first team was in action.

And the amazing part of it all was the Hamp could have poured it on even more But the second team, many of them freshoren, played most of the second half whill the four "Whiz Kids," Carl Newman, Diek Blueshire and Diek Rut 18ted on their laurels. Bombard birilled the 2009 fans on the opening kickoff. He raced 99 yards unmolested to give the campaign a running start. That was the first toucidown, Drury came back to romp 39 yards on four plays for the qualitier. Then 'Henp went again. They went 52 yards for a touchdown along the ground, added another shortly after receive-covering a fumble on the Drury 50. By half-time it was 33-6.

Ruth accounted for three of the fouchdowns, and added three extra points. A good start in decense of his Western Mass, scoring Ittle, But he was not the whole show, Bombard added another score by virtue of a 10-yard Jauntonly to have the play called back because of clipping. Dukeshire, the transfer from Eastbampton last year and playing his first season on the gridfron, added two toucidowns and gave an exhibition of running which told everyone concerned that much of the pressure which has been on Ruth the past couple of years, will be gone.

All told, Ruth carried the pigskin to times and rounged for 150 yards, Includer was a 30-yard jaunt which set up the littl touchdown, His average was 9.3 p.r carry,

Johnny Del Negro of Drury had little to suy. "What can you say about a deleat." he asked, "We are going to come but it will take a couple more games for us to hit our strile. My backfield is good right now but we need a lot of work up front." Del Negro mentioned that Drury had but nine days of work. "And we can't have spring practice because by the time the snow has gone, it's time to start base-ball."

Dick Bush, the Drury quarterback, showed blenty of speed against the 'Hampers, He cored two of the Drury touchdowns on unarterback, sneaks, good for 41 yards the irst time and 35 on the second.

Several conches were on hand for the opener. Capt. Pete Delisser has been leading the team in the opening intersquad scrimmages and it seems probable that he will once again be an important factor in the Williams backfield. Some good work has been turned in by sophomores up from last year's freshman squad.
